## About C4:

### Care Coordination Collaboration Center

- Customers
- Reach

C4 healthcare professionals and customer relation agents use a customizable patient centered digital solution to provide high quality clinical service coordination, effective and secure communication and ensure access to healthcare.

## We are here to help your patient experience with outreach initiatives for:

1. Clinical services coordination to close care gaps and comply with HEDIS metrics.
2. Satisfaction and Wellness Surveys to measure patient and providers satisfaction.
3. Post discharge follow-up and transition of care coordination to reduce readmissions.
